

2026

**CORPORATE
SPONSORSHIP
PROPOSAL**

**Compton Half Marathon -
27th September 2026**

For more than 40 years, we have provided specialist palliative and end-of-life care to patients, along with essential support for their families. Our role is to help people navigate every aspect of life with a life-limiting condition, ensuring they feel informed, supported, and cared for.

Our specialist services—whether delivered at our purpose-built facilities here at Compton Hall or in a patient's own home—are tailored to meet individual needs. We focus on enabling patients and their loved ones to feel safe, supported, and empowered throughout their journey.

Ensuring that local people living with, or caring for someone with, a palliative diagnosis can access the support they need remains our highest priority.

It is estimated that it will cost £15.7 million to run Compton Care this year alone.

Thanks to the generosity and commitment of our local community in 2025/26, we were able to achieve the following:

- Respond to over 29,396 calls to our Advice & Referral Line
- 840 patients admitted to our virtual ward and 98% of patients achieved their preferred place of death
- 8,796 support visits were made to patients in their own home by our Community Team
- 3,519 visits were made by by our Rapid Response Team, 96% taking place within 4 hours

We are proud that the care and support we provide—whether at Compton Hall, in patients' homes through our Virtual Ward or Community Team, or at our newest facility, Ruskin Road—remains tailored to each individual. Supporting patients, carers and families to feel safe, informed and cared for continues to be our utmost priority.

Compton Care are launching a brand new half marathon in Wolverhampton in Autumn 2026. Working with our delivery partner RunThrough the event aims to not only revive the city's running tradition, but also raise vital funds for Compton Care. This event will offer a well organised experience for the elite and beginners alike.

Starting and finishing at the iconic Aldersley Stadium, Wolverhampton, the route will take in the scenic paths of the Staffordshire and Worcester canals into South Staffordshire, before returning on the historic Smestow Valley Railway line.

Not to be left out we will be inviting juniors to take part in the junior marathon around the running track at Aldersley.

This event aims to bring the whole community together with volunteering and sponsorship opportunities, creating a positive, energetic atmosphere in the event site, to cheering the participants along the course and at cheer points and most importantly showing their pride in working with Compton Care to bring a new and exciting event to the City.

As an event sponsor, you will receive recognition for your contribution, with packages ranging from £100 to £3,000 for our exclusive Main Event Sponsorship. Details of each package can be found on the next page.

We hope you will consider supporting this important event by selecting one of our sponsorship options.
